CVQO is a vocational education charity working with young people and adult volunteers in youth groups across the UK. By accrediting the experience they gain at those youth groups, we provide our learners with qualifications that boost their aspirations for the future, whatever they might be.

TEN REASONS to study with CVQO

1. RANGE of qualifications

Our partnerships with Pearson, the ILM and City & Guilds mean we're able to offer in excess of 20 different qualifications covering a wide range of subject areas.

2. Set yourself APART

Lots of people can say they have GCSEs, A-Levels or a Degree, but vocational qualifications provide valuable recognition of skills such as teamwork, leadership, management and self-reliance that are prized by employers.

four.

LOW COST

Most of our qualifications come at either no cost to the learner or at low cost compared to commercial equivalents.

3. FANTASTIC Events

Our annual events at incredible venues like the Royal Military Academy Sandhurst and the House of Lords offer learners the chance to celebrate their achievements in style.

5. Educational EXPERTISE

We've been providing vocational qualifications to learners for over 15 years, so we know a thing or two about the world of education.

6. Use your existing experience

Experience counts for a huge amount when you study with CVQO – turn existing skills into qualifications, often with very little extra written work.

7. CVQO WESTMINSTER AWARD

Recognising the best of our BTEC Level 2 learners, successful nominees can expect an amazing journey from a selection event in Somerset to lunch at the House of Lords and a trip to South Africa!

8. Something for EVERYONE

Our qualifications are accessible to everyone, regardless of background, age and experience.

Ten. UK-WIDE coverage

We are proud to be able to reach every corner of the UK with our vocational qualifications – from deepest Cornwall to the Scottish Highlands.

9. Our People

The CVQO team is made up of amazing and inspiring individuals from a variety of youth group, military and education sector backgrounds.
